TRIPS FOR EVERY TEACHER & BUDGET

**TEACHER
REVIEWS****Hear from other teachers about
working with Grace World Tours:**

“The tour that Grace World Tours organized for us exceeded all of our expectations. From the very first email we sent simply enquiring about a tour, to the very last welcome garlands we received upon our return, the level of care and service we were given was exceptional.”

**- Mrs.Dhurve
Maharashtra, India**

“I want to say a huge thank you to you for putting together such a great tour. The tour manager was great and patiently assisted us. We had a fabulous trip, I’m already starting to think about the next one.”

**- Mr. Binu Varghese
Kuwait**

“Grace World Tours provided an excellent experience that created lifelong memories for our students. The trip was a perfect balance of educational courses, activities, and theme parks, and we have no hesitation in recommending Grace World Tours to organize any school group tour.”

FEATURED TRIPS AND DESTINATIONS

EMERGING TECHNOLOGY - USA

Suggested time: 10 - 14 days

There are endless options for engaging students in STEM opportunities in America's technology hubs. Discover the home of Google, Facebook, Apple and the giants of the web. Students will engage in workshops and hands-on activities throughout San Francisco and Seattle. This is the place for your students to discover digital entrepreneurship, and discover both the history and the future of the world's most prominent emerging industry.

KENNEDY SPACE CENTER TRIPS

Suggested time: 9 - 12 days

Options in Orlando range from half-day NASA-endorsed astronaut training experiences, to comprehensive 3-5 day camps, which incorporate hands-on learning through workshops, challenges and simulations, with tours of the space centre and interaction with an astronaut. Groups can take part in Space Trek camps focused on robotics, rockets or near space investigation.

STEM CAMPS

Suggested time: 7 - 10 days

Grace World Tours facilitates inspiring and educating Space camp programs in two different locations, Space U in Houston and Huntsville Space Camp. Students have the chance to learn about NASA, and the past, present and future of space exploration. Each Camp has something different to offer such as the Marshall Space Flight Centre in Huntsville which plays a crucial role in propulsion, engineering, science, and space operations for NASA.

ASIAN LANGUAGE, BUSINESS AND EDUCATIONAL TRIPS

Suggested time: 7 - 10 days

School trips to Asia are an exciting and engaging way to sample a different culture, some of the world's largest and most engaging cities, and ski or snowboard on some of the world's best terrain. Japan offers a completely new and diverse set of traditions and customs. Japanese people are kind, welcoming and enjoy hosting international school groups. China is the new power house of the world and offers an incredible variety of spectacular natural wonders, impressive ancient heritage and a rich breadth of culture.

EUROPEAN ARTS, LANGUAGE AND HISTORY

Suggested time: 10 - 14 days

Take your students on an adventure of a lifetime where they can develop as global citizens with an awareness, appreciation and understanding towards different art, architecture, science, language, design, history and culture. Europe is home to some of the most significant historical monuments in the world.

NEW ZEALAND ADVENTURE

Suggested time: 9 - 12 days

The New Zealand trip is designed to showcase New Zealand's scenery and locations whilst incorporating educational elements such as finding out about earthquake research at the University of Canterbury and learning about landforms and the human impact upon Mt. Cook national park, whilst gazing upon the magnificent Mt. Cook itself. The trip therefore, wouldn't be complete without a visit to New Zealand's adventure capital, Queenstown to hit the slopes and try out a bit of skiing.

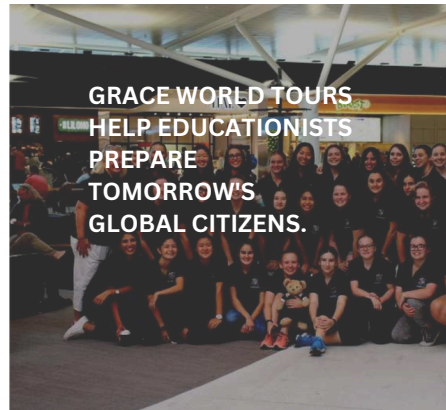

DESIGN YOUR OWN

Our group travel consultants work individually with each educator to ensure that all of our trips are custom designed to meet each school's specific educational needs.
